

# Global innovators of Sport and Recreational Surfaces

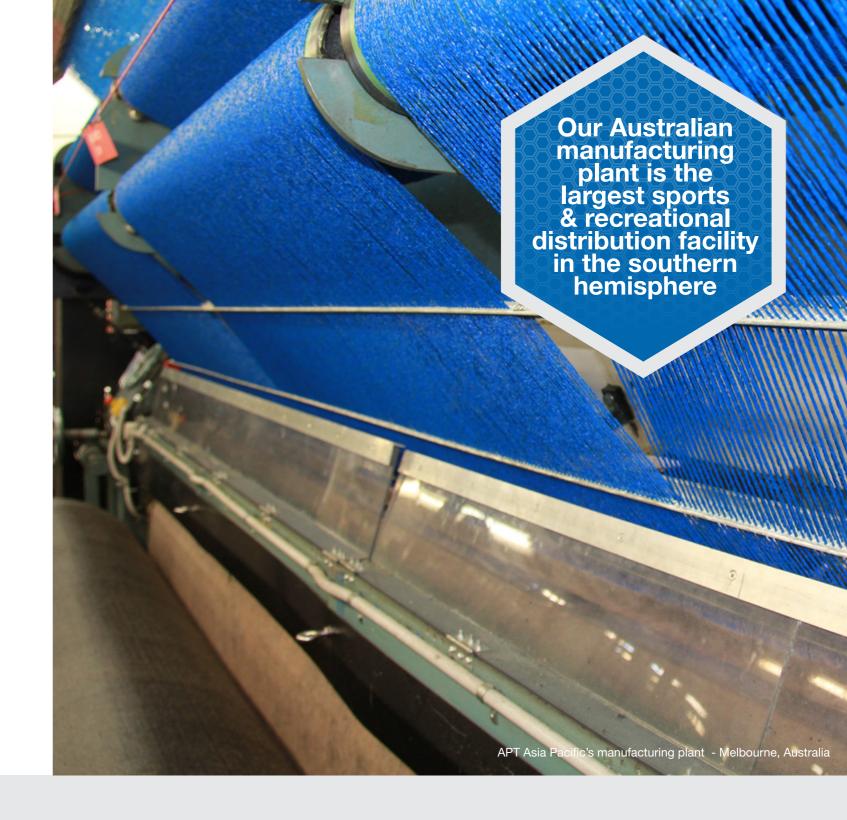

## The only vertically-integrated sports surface manufacturer

APT (Advanced Polymer Technology) is the leading global manufacturer of polyurethane-based materials, acrylic coatings and synthetic turf products for sporting and recreational applications.

From world-class Olympic stadiums to our very own backyards, APT provides people around the world with safe, reliable, and high-performing sports and recreational surfaces. We offer the widest range of surfaces including synthetic turf, acrylics and polyurethane systems, and continue to improve and expand our product line to maintain the highest industry standards and, more importantly, the needs of our customers. APT Asia Pacific's awardwinning manufacturing plant located in Melbourne, Australia is the largest sports and recreational distribution facility in the southern hemisphere.

As the only vertically-integrated sports surface manufacturer in Australia, APT is able to offer complete transparency and reassurance of all products and processes. Our synthetic grass systems are manufactured using APT yarns, APT secondary backing, and are installed with APT adhesives. Within the Sport Group of companies, we also offer EPDM granules made by sister companies Melos and Fairmont, and our UV Masterbatch for all yarns is made by Polytex GmbH in Germany. This integration, control and knowledgesharing results in the exceptional and consistent quality of our products.

### The smart money is on Australian Made yarns

APT Asia Pacific is the only synthetic turf manufacturer to make yarns in Australia. Our yarns have inbuilt proprietary features not found in other yarns and include up to 24 unique components to produce a stable and long-lasting formulation. Our artificial grasses and turfs are also made in the same manufacturing plant.

We are also proud to be the only synthetic turf manufacturer in Australia with quality certified by the International Standards Organisation (AS/NZS ISO 9001:2015), so you can be assured that you are getting the very best product on the market.

### Our vision and values

APT strive to be the market leader in the development and manufacture of synthetic sporting, recreational and protective surfaces, transforming the industry through exceptional innovation and a passion for excellence.

#### **O** Innovation

Through our strong global in-house research capabilities and adoption of leading-edge technologies, we are constantly innovating our approach to the design and manufacturing of high quality and durable products to meet the ever-changing needs of athletes and communities. We test all conceptual products in various environments, then refine and retest them until they have reached APT's stringent standards.

Our sports surfaces are also subject to independent sporting authority testing and performance criteria.

#### **Q** Quality

APT's manufacturing processes undergo stringent product testing and verifications to ensure every product's quality meets industry standards. We are the only Australian synthetic turf manufacturer that is certified by the International Standards Organisation (AS / NZS ISO 9001:2015). Our yarns are made in Australia and have inbuilt proprietary features not found in other yarns. They are toxin-free, UV and heat stabilised, and use industry-approved pigments. Plus, all of our products come with an up to 15 Year Warranty.

#### **O** Customer-first

APT's fully integrated manufacturing process enables us to engineer, manufacture and distribute a wide range of products to customers all over the world. With a global footprint, an extensive distribution network and an expanding range of products, APT not only maintains the highest industry standards for our customers, but we have the capabilities to customise orders to their specific needs and aspirations. We listen and encourage feedback from our customers and industry professionals which in turn play a large part in future product development.

#### **O** Community

APT is committed to enriching the lives of the community, through the provision of superior sports, recreational and protective surfaces. Given Australians love for sports and recreation, we see ourselves as playing an important role in the community. APT and Sport Group Asia Pacific are proud to partner with industry organisations such as Vicsport and Sports and Play Industry Association (SAPIA) as well as sponsoring a number of community sporting clubs and events each year.
